AN INVITATION TO HILLSDALE

Those interested in Trees, Plants and beautiful Gardens are always cordially welcome at Hillsdale. Here at our nursery, we maintain one of the largest and most beautiful Rock and Rose Gardens in Indiana. Extensive ornamental shrubbery and evergreen plantings, and spacious perennial and rose gardens are all for the benefit of our friends and customers, helping them get new ideas for making their own gardens more completely beautiful and satisfying.

LOCATION

The Office and Nurseries are one-quarter mile south of Castleton and eight miles north-east of Indianapolis. To reach us by motor from Indianapolis, take the Fall Creek Parkway North Drive at the intersection of State Road 37 and Keystone. Proceed to Millersville. Continue on Parkway Drive one mile beyond the broadcasting towers of WFBM to the intersection with Shadeland Avenue, which is State Road 534. Our sign is on the corner. Turn left (north) on Road 534 and continue two and one-half miles to the Nurseries.

A second route is to drive out on the Noblesville Road, State Road 37, to Allisonville, approximately five miles beyond Indianapolis city limits. Turn right (east) on to Eighty-second Street, now State Road 534, at Allisonville, sign on corner, and proceed on east through Castleton to the Nursery.

A third route is to drive out College Avenue, Pennsylvania Street, or Road 31 to Eighty-sixth Street, then turn east on Eighty-sixth Street to Nora, here take State Road 534 on east through Castleton, to the Nursery.

A fourth route, for Irvington and all east sections of Indianapolis, is to drive east to Shadeland Road which is marked State Road 534, drive north on Shadeland to the Nursery, we are located between Seventy-fifth Street and Eighty-second Street.

For your convenience, we are operating a second sales ground at our Branch Nursery, which is located on the Noblesville Road, State Road No. 37, just north of Forty-sixth Street. Here you will find personnel and equipment capable of filling small retail orders quickly and efficiently.

ORIENTAL CHERRIES

Only those who have visited Washington, D. C., during the Spring months—who have seen the famous planting along the Potomac—can realize the fairyland of beauty presented by hundreds of these Cherries in full flower. No words can do justice to such a sight—its splendor literally takes one’s breath away.

A rich, open soil and sunny position are, of course, desirable, but so long as the drainage is good and there is a sufficiency of moisture at the roots they will grow almost anywhere.

PLANT LARGE TREES—SAVE 10 to 25 YEARS OF WAITING

OUR AUTOMOTIVE MOVER

We are now able to offer the use of one of the largest types of automotive tree movers available today. With this modern machine we can successfully transplant mature trees up to twelve inches in diameter in the most efficient manner.

The planting prices quoted here include moving with a large ball of earth, planting, guying, staking, and wrapping. They are, however, subject to deviation dependent upon conditions at point of locations.

HARDY HERBACEOUS OR PERENNIAL PLANTS

By this term is meant such plants as may be allowed to remain permanently in the open ground, whose foliage dies down to or near the ground each autumn, coming forth again with renewed vigor the following spring, giving a continuation of bloom from early spring until frost. All our plants are field grown and are many times larger than seed bed plants.

We are constantly searching for and adding new and rare varieties of merit to our extensive collection.

Fifty cents each, 3 for \$1.25, except where otherwise noted; \$4.00 per dozen.

(Varieties marked with an asterisk (*) are particularly adapted for the rock garden.)

FOR YOUR HOME GARDENS

During the Spring months we grow a lot of vegetable plants such as Tomatoes, Sweet Potatoes, Cabbage, Peppers, and others. These plants are ready for you from May to June. Also have a complete variety of Annuals such as Petunias, Asters, Zinnias, and many others.

We will assist you in growing fruits for your table and flowers for your home and garden enjoyment. There is no better tonic for strained nerves than gardening. Working in shrubs and flowers as well as vegetables and fruits is a great pleasure.

THE HILLSDALE GARDEN SHOP

On our Branch Nursery at Forty-seventh Street and the Allisonville Road (State Road 37), we have recently built and put into operation a Garden Shop for small retail sales. The service we intend to render here is to supply the lesser needs at a location convenient to the city.

Here you will find on display a full assortment of potted and perennials, annuals (in season) and small shrubs, evergreens and trees. In fact, all plants of a small size that you may select and conveniently carry away in your car. All material is displayed in a modern compact way that may be inspected with a minimum of effort.

There is also a wide selection of packaged spray material, fertilizer, grass, flower, and vegetable seeds, and pottery novelties, plus a full selection of garden ornaments and pottery including many styles of bird baths, sun-dials, gazing globes, benches, urns, and vases.

You are cordially invited to visit our modern Garden Shop and see the completeness and ease with which your garden needs may be filled.

DIRECTIONS FOR ORDERING

Write plainly and give explicit directions as to address and mode of shipment. Shipments will be forwarded exactly as directed but where we are without instructions, we will use our best judgment. All our products are shipped at the purchaser's risk. Any claims for damages should be made promptly to the transportation company's agent at the point of delivery. All goods are carefully packed.

We accept all orders on condition that they shall be void should injury befall them from frost, hail, fire, or causes beyond our control.

TERMS

Prices in this list cancel all previous lists and quotations. Customers unknown to us will please send cash or references with orders. Accounts are due when bills are rendered and prompt payments are expected. Prices given in this list are f. o. b. Castleton, Ind. Higher prices will be charged for specimens of higher quality selected by the customer or his representative.

Lots of 5, 50 and 500 trees or plants will be charged for at 10, 100 and 1,000 rate. These prices include packing costs, except on excessively bulky pieces, for which cost of packing will be extra.

GUARANTEE AND CLAIMS

All goods are guaranteed true to name, up to grade, full count, and in good condition when they leave our nurseries. We use the greatest care to have all our trees and plants true to name and will replace any that prove untrue or refund purchase price.

Due to the perishable nature of Nursery Stock and due to the fact that we have no control over the treatment and care of Nursery Stock after leaving our hands, we give no warranty, expressed or implied, as to growth or productiveness of the Nursery Stock that we sell.

Plants are living organisms and their success depends upon the care you give them.

REPLACEMENT GUARANTEE FOR STOCK WE PLANT

All plant material, except perennials and roses, furnished and planted by us, which fails to survive within sixty days from date of planting will be replaced once without cost. Dormant plants must leaf out the following Spring and continue in growth until June 15th. Plants failing to survive after the sixty-day period, but within one year from date of planting will be replaced once on one-half the original planted price.

Extra charge for balling and burlapping plants not quoted B & B in price list:

LANDSCAPE DESIGN DEPARTMENT

We maintain a thoroughly trained Landscape Organization whose members, after years of study and invaluable practical experience, have attained rare skill in the designing and planting of gardens, both large and small, of unusual beauty and merit. We want all of our customers to realize that we consider no job too small nor too large to command our best efforts and finest skill.

Without charge or obligation we will have one of our experts visit your grounds. He can give you an estimate of the small charge for preparing your plan. This plan will include a list of the proper plants required to produce the effects you desire. Also, it is so prepared that you may complete the planting at one time, or spread it over a period of years. It will show the proper location of the house, drives, walks, pools, benches, pergolas, terraces and of every plant. The value of such a plan must be apparent to everyone.

LANDSCAPE SERVICE DEPARTMENT

The members of our landscape service department are thoroughly trained and experienced in all phases of landscape construction, planting, and service. And their equipment is the newest and most modern machinery available. The methods outlined in the various paragraphs throughout the catalog are those used by our men and are those ways which we have found to result in the highest quality work.
